2019

WORK EXPERIENCE

Business Intelligence Intern at Arete HealthTech (A health tech solutions company)

Jul 2023 – Present

- Utilized Python & SQL for cleaning, manipulating, and managing data from diverse & sizable business documents and tables.
- Employed PowerBI for data visualization, managing relationships, forming measures & utilizing DAX for enhanced insights.
- Collaborated with high-ranking officials from partner organizations, contributing to business-focused data-driven decisions.

Data Engineering Intern at Celebal Technologies (Microsoft AI Partner of the Year Award winner)

May 2023 – Jul 2023

- Gained exposure to Azure Data Factory and its role in orchestrating data workflows and transformations.
- Contributed to data analysis projects using Microsoft SQL Server and Microsoft Power BI, enhancing familiarity with querying and visualizing datasets for business insights.

Technology Intern- Data Operations at SpotQuest (A hospitality & travel tech SaaS company)

Dec 2022 – Feb 2023

- Utilized Google Cloud Platform's BigQuery and Cloud Storage for data storage, querying, and extraction.
- Employed Python-Pandas to process raw text and store it in structured tables.
- Developed Python-based web scraping bots and deployed them on Google Cloud Run using Docker for containerization.
- Managed and maintained scraping applications on Google Compute Engine, leveraging Python's multithreading capabilities for scaling.

Web Development Intern at StarTek (A leading global customer experience & IT solution company)

Jun 2022 – Aug 2022

- Developed dynamic web apps using AngularJS for optimal user experience. Integrated NodeJS for smooth front-back-end communication, establishing RESTful APIs with authentication. Implemented Firebase for real-time, secure data storage.

Marketing Intern at Xiaomi India (A global consumer electronics company)

May 2021 – Jul 2021

- Awarded a position among the top 3 interns in the Campus Connect program. Strategized and executed a successful e-sports tournament showcasing flagship Mi products, attracting 500+ participants and garnering 300K+ YouTube views.

ACTIVITIES

KIIT Entrepreneurship Cell

Bhubaneswar, Odisha

Senior Executive, Operations & Design
