2019

WORK EXPERIENCE

TravelGenius Technologies (Automated Location Intelligence startup catering to the hospitality industry)

New Delhi

Technology Intern- Data Operations

Dec 2022 – Feb 2023

- Utilized Google Cloud Platform's BigQuery and Cloud Storage for data storage, querying, and extraction.
- Employed Python-Pandas to process raw text and store it in structured tables.
- Developed Python-based web scraping bots and deployed them on Google Cloud Run using Docker for containerization.
- Managed and maintained scraping applications on Google Compute Engine, leveraging Python's multithreading capabilities for scaling.

StarTek (A leading global provider of IT-enabled business process outsourcing solutions)

New Delhi

Web Development Intern

Jun 2022 – Aug 2022

- Utilized AngularJS to create dynamic and responsive web applications and reusable components focusing on user experience, and interface design.
- Leveraged NodeJS to build server-side logic for web applications, ensuring seamless integration between front-end and back-end systems.
- Contributed to the creation of RESTful APIs and implemented authentication and authorization mechanisms.
- Worked with Firebase to store and manage application data, ensuring a real-time and secure connection.

Xiaomi India

Bhubaneswar, Odisha

Marketing Intern

May 2021 – Jul 2021

- One of the top 3 interns in the Campus Connect program.
- Organized an e-sports tournament to promote flagship Mi products that had 500+ participants and 300K+ views on YouTube. My team and I were responsible for the marketing, collaborations, felicitation, and overall smooth functioning of the event.

ACTIVITIES

KIIT Entrepreneurship Cell

Bhubaneswar, Odisha

Senior Executive, Operations & Design

Feb 2021 – Nov 2022

- Part of the operations and design team at KIIT E-cell, responsible for organizing various college and national-level events such as the Hult Prize, Internship Camp, KIIT Startup Konclave, etc.
